

Pop the Lock
on your K9
Bolt!

K9 bolt!

Door Popper System

Both a key ring and utility belt pouch are included in the kit for easy access to the transmitter.

The new 1-button wireless transmitter pops the lock and opens the door with a single press from up to 300 feet away.

Or

Use the new dash switch to pop the lock and open then door from inside the car. (Dash switch included in kit).
