

## **Keyless Start RFID** Radio Frequency ID

Driver

Side Door

#### **Authorize Truck Start**

The high tech electronic RFID key allows only the driver to start bus.

### **Internal Circuit & Wire Harness Protection**

Smart switches provide auto circuit protection for overvoltage and over-current conditions

#### **Fleet Master Keys**

Easy, secure and cost effective when re-keying fleet buses.

#### **Electronic Keys**

Easy to re-code buses with electronic keys

Keys

# Wristband Keys

### **Driver Efficiency**

The push button start saves time starting the bus and helps to reduce repetitive motion injuries.

#### **Lower Maintenance Costs**

Reduces maintenance costs by using solid state push button start. Tested to 500,000 endurance cycles

### **Auto Dome Light**

Allows driver to move safely in, out and around bus. Equipped with auto shut off to help improve battery life.

#### **System Diagnostics**

The system diagnostics provide quick and easy internal QC tests to check inputs and outputs.

#### M130 Keyless Start Stand Alone Unit

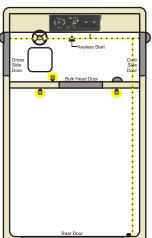

This unit is designed to be installed as a single or 'stand-alone' unit.

- 1. Requires Driver Authorization to start bus.
- 2. Push-button start and stop bus.
- 3. Operates dome or courtesy light. Turns off automatically in 45-minutes.
- 4. Solid state circuit protection for over-voltage and over-current.
- 5. Electronic Master Fleet keys.
- 6. Sealed

M130 Keyless Start -RFID Keyless Entry M110 Antenna / Reader

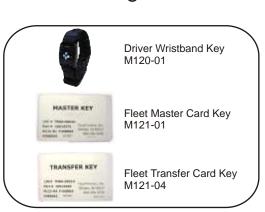

This unit is designed to be installed in combination with 1, 2, 3 or 4 Keyless Entry Antenna/Reader units.

- 1. Data bus communication between all of the units to:
  - A. Authorize bus entry
  - B. Start Bus
  - C. Monitor door open or close
  - D. Trigger alarm option
  - E. Turn On / Off dome or courtesy light automatically.
- 2. Requires RFID Authorization to start bus.
- 3. Push-button starts and stops truck.
- 4. Operates dome or courtesy light and turns off automatically in 45-minutes.
- 5. Solid state circuit protection for over-voltage and over-current.
- 6. Electronic Master Fleet keys.
- 7. Sealed

Specifications - Keyless Start / M130 Series

Size - 8.0" x 2 1/4" x 2 1/4"

Frequency - 134KHz 4 Outputs / 5Amp - Run - Start

AccessorySiren

1 Output / 10Amp - Dome Light Inputs - 4 Input

Switch Endurance - 500,000 Cycles Output Endurance - 500,000 Cycles
